Edmond de Rothschild Fund Human Capital is a sub-fund of Luxembourg SICAV Edmond de Rothschild Fund, which is authorised by the CSSF and approved for sale in France, Luxembourg, Austria, Germany, Spain, Switzerland, The Netherlands and Italy.

WHY INVEST IN HUMAN CAPITAL?

A long term sustainable growth theme

Human capital-centric companies offer a true opportunity to capitalize on the growth potential of secular shifts

An under-researched and untapped source of value creation

Companies investing heavily in their human capital tend to deliver economic and financial performance

A key transition driver towards a more sustainable economy

Technology disruption and demographic trends are fueling the need to reskill workers. Human Capital is a key asset for a thriving economy

WHAT IS THE FUND'S INVESTMENT STRATEGY?

Fund managers uncover value creation drivers within a well-diversified investment structure across regions and sectors via the selection of:

- ▶ Companies who have, in our opinion, state-of-art Human Resources practices
- ▶ Companies whose business models have a strong impact on Human Capital development – with a focus on Education, Employee Welfare and Knowledge Accumulation.

CONTINUITY IN THEMATIC INVESTING

EdR Fund Human Capital leads on from successful equity thematic fund launches dating back to 1985. Designed according to long term trend expectations, our thematic equity expertise also covers Big Data, European Tech Unicorns, Healthcare, Climate Change and the Metaverse, all with the objective to:

- ▶ Navigate the challenges facing society
- ▶ Harness trends shaping the economy
- ▶ Give investments a sense of purpose

The fund's active exposure to five UN SDGs*

MAIN INVESTMENT RISKS

SRRI CATEGORY:

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The synthetic risk/return indicator rates this fund on a scale of 1 to 7. The risk and return category presented may change over time. Category 1 does not mean a risk-free investment. Unit A & I of this UCI are rated in category 6, in line with the nature of the securities and the geographical areas presented in the "Investment objectives and policy" section of the KIID as well as the unit's own currency.

The risks described below are not exhaustive.

Risk of capital loss: The UCITS does not guarantee or protect the capital invested; investors may therefore not get back the full amount of their initial capital invested even if they hold their units for the recommended investment period.

Discretionary management risk: The discretionary management style is based on expectations of the performance of different markets (equities, bonds). However, there is a risk that the Fund may not be invested in the best-performing securities at all times.

Equity risk: The value of a stock may change de-

pending on factors specific to the issuer but also on exogenous, political or economic factors. The SICAV may be exposed to the equity markets either via direct investments in equities and/or via financial contracts and/or UCITS. Fluctuations of the equity markets may lead to substantial variations in the net assets which may have a negative impact on the performance of the SICAV.

Risk related to small- and mid-cap companies: On these markets, the volume of listed securities is lower; therefore, market trends are more pronounced, both upwards and downwards, and more rapid than for large caps. Net asset value can therefore fluctuate rapidly and significantly.

Currency risk: this is the risk of foreign currency fluctuations affecting the value of the securities held in the portfolio. The Fund may hold securities denominated in a currency other than its reporting currency. As a result, fluctuations in exchange rates.

FUND CHARACTERISTICS*

Investment Objective: To outperform its benchmark, the MSCI All Countries World Index (MSCI AC World Index), by investing in equities and equity-related instruments issued by companies that value human capital practices and that meet environmental, social and governance (ESG) criteria, over the recommended investment period.
